

POST CONTRACT

Flexible, Effective Post Contract Routines

Carry out valuations of preliminaries, measured work, variations and materials on site.

Record both actual and anticipated instructions

Each instruction may be allocated to user defined sections within the cost report and final account

Add and omit build up sheets for each instruction completed by:

- direct entry
- transfer from BQ
- select from library

Re-use pre contract data

Separate cost report and final account figures can be stored

Full cost breakdown can be stored against each rate

User definable layout

Full library of descriptions

Full measurement facilities Including Dimsheet on screen

Code	Description	Quan	Unit	Cost Rate	Cost	FA Rate	FA	Notes
E	Dispos of Off Site	1285.00	m3	10.00	12850.00	8.66	11136.75	

Cost Reports can be produced with or without Minor Section splits and summaries.

Final Accounts may be produced with various levels of detail including a full dim listing.

Interim Valuations may be carried out on

- Preliminaries
- Measured Works
- Variations
- Materials on site

Key Features
